# Humanizing Dementia Care in Long-Term Care

REGISTER NOW!

This presentation will cover the Hogeweyk model of long-term care and what is happening in Canada. In her presentation Foreman will discuss the importance of community relationships and the benefits of this emotion-based model of care as it relates to staff and residents satisfaction.

**JANUARY 11TH**

**12:00PM - 1:00PM**

## **Speaker:**

### **Aimée Foreman**

As the founder and CEO of Silvermark, she has developed a team that shares a commitment to championing the needs and preferences of older adults. Together, they guide aging care leaders to impact-driven decisions that improve quality of life.

She has visited homes, and examined care models, around the world to understand challenges and opportunities from all perspectives - policymakers, providers, caregivers, families, and older adults themselves.

## **Presented By:**
